

To Prospective Associate Partners in MicNOVA

This is a packet of information including an application for joining the Model Investment Club of Northern Virginia. We are delighted you are interested in becoming a member of our partnership. As active participants in the DC Regional Chapter of Better Investing, we strongly believe that the best way to learn about investing is through membership in an investment club.

The packet includes the following items:

- **Application for Associate Partner in MicNOVA:** An application may be submitted after attending three meetings of MicNOVA. Associate Partners may be members for 24 months. If the AP decides to become a volunteer with the DC Chapter of Better Investing, then their membership automatically converts to a full partner.
- **Partnership Agreement:** Please read carefully. MicNOVA is a legal partnership recognized by the IRS. You will be signing this agreement once you have been accepted into the group.
- **Operating Procedures:** Please read carefully. These procedures were established at the beginning of the club and are subject to change with amendments as the partners see fit.
- It is expected that anyone who must miss a meeting will make sure another partner has his/her proxy. A partner may hold only one proxy.
